RE: USNRC License # 06-13022-02

Dear Ms. Nguyen,

We request a license amendment to change the name of our facility from "University of Connecticut Health Center" to "UConn Health". There is no change in ownership or management control as a result of this name change. Further, there is no change to the radiation safety program as a result of this name change.

Please contact James Fomenko, CHP, UConn Health's Radiation Safety Officer, at 860-679-2250 if you require further information.

Respectfully,

A handwritten signature in blue ink, appearing to read "Wesley G. Byerly".

Wesley G. Byerly, Pharm.D.
Associate Vice President for Research Integrity and Regulatory Affairs
