

**UNITED STATES  
NUCLEAR REGULATORY COMMISSION**  
WASHINGTON, D.C. 20555-0001

October 12, 2016

MEMORANDUM TO: Anthony Hsia, Deputy Director  
Division of Spent Fuel Management  
Office of Nuclear Material Safety  
and Safeguards

FROM: Norma Garcia Santos, Project Manager **/RA/**  
Spent Fuel Licensing Branch  
Division of Spent Fuel Management  
Office of Nuclear Material Safety  
and Safeguards

SUBJECT: SUMMARY OF AUGUST 25, 2016, MEETING BETWEEN THE  
U.S. DEPARTMENT OF TRANSPORTATION AND THE  
U.S. NUCLEAR REGULATORY COMMISSION

**Background**

On August 25, management and staff from the U.S. Department of Transportation (DOT) and the U.S. Nuclear Regulatory Commission (NRC) met in an internal meeting to discuss the current prioritization structure of incoming work due to Project Aim re-baseline recommendations. The focus of the discussion was the requests for revalidation of foreign packages that the staff reviews as part of the memorandum of understanding between DOT and NRC. The enclosure to this memorandum includes a summary of this discussion.

Enclosure:  
Summary – Meeting Between DOT and NRC  
(OFFICIAL USE ONLY – SENSITIVE  
INFORMATION)

Upon removal of its enclosure, this document is uncontrolled.
