Dear Dr. Meechen:

This refers to your license amendment request dated August 8, 2016. Please find enclosed Amendment No. 51 removing the Radioactive Waste (RAW) Building 1 located at Chamblee, Georgia campus from your license. You may release the Radioactive Waste (RAW) Building 1 for unrestricted use.

An environmental assessment for this action was not required, since this action is categorically excluded under 10 CFR 51.22(c)(20).

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please contact me at 610-337-536 or via electronic mail at [dennis.lawyer@nrc.gov](mailto:dennis.lawyer@nrc.gov) so that appropriate corrections or answers can be provided.

You will be periodically inspected by the NRC. Failure to conduct your program in accordance with NRC regulations, license conditions, and representations made in your license application and supplemental correspondence with NRC will result in enforcement action(s) against you. This could include issuance of a Notice of Violation, or Imposition of a Civil Penalty, or an Order Suspending, Modifying or Revoking Your License as specified in the NRC Enforcement Policy. The NRC Enforcement Policy is available at:

<http://www.nrc.gov/reading-rm/doc-collections/enforcement/>.
