Hi Ms. Lone Hill,

I wanted to follow-up with you from our meeting on May 19, 2016 regarding the Dewey-Burdock ISR Project. During that meeting, you indicated that there are tribal laws and ordinances that NRC should consider during the development our environmental reviews. If possible, please provide me with citations to these specific ordinances. Additionally, I would like to learn more about the Oglala Sioux Tribe's thoughts/plans to conduct another survey. As noted, NRC would need to coordinate such survey with the licensee. Please give me a call at your earliest convenience so that we can further discuss.

Sincerely,

Kellee Jamerson
