**From:** Hanson, Latischa  
**Sent:** Thursday, September 01, 2016 12:03 PM  
**To:** 'Amanda.Jackson@GRMC.gu'  
**Subject:** Request for Additional Information (RAI) - Guam Regional Medical City

Amanda,

I am Latischa Hanson & I am assigned the review of your new NRC radioactive materials license (RAML) application. I am requesting the following information:

1. Does the applicant have a current Agreement State or NRC license?
  - Do you have an X-ray license/registration from Guam to use linear accelerators, x-ray machines, nuclear medicine operations or something equivalent? This is helpful in establishing your facility as a valid, current business entity using x-ray/radioactive materials (RAM).
2. Does the applicant have a current State or federal government license/registration/authorization for other operations within the scope of its proposed licensed activities?
3. Is the applicant a local, State or federal government entity?
  - I reviewed your submitted copy from the Department of Revenue and Taxation/Government of Guam that shows an expiration date of June 30, 2016. Do you have any current documentation?
4. Ownership/Senior Management organization chart

As soon as I receive the RAI, I can continue with your new application review. If you have any questions, feel free to contact me via the information contained in this email.

Thank you for your prompt assistance with this RAI.

Latischa
