Homestead Library
701 N. Homestead Blvd.
Homestead, FL 33030

SUBJECT: NOTICE OF AVAILABILITY OF THE ISSUANCE OF THE FINAL
ENVIRONMENTAL IMPACT STATEMENT FOR TURKEY POINT, UNITS 6 AND 7
COMBINED LICENSE APPLICATION

Dear Ms. Hogue:

The U.S. Nuclear Regulatory Commission (NRC) staff is enclosing, with this letter, electronic copies of NUREG-2176, "Final Environmental Impact Statement for the Combined Licenses (COLs) for the Turkey Point Nuclear Plant Units 6 and 7," and the staff requests these copies to be kept at the library.

These documents are related to the NRC staff's environmental review of the Florida Power and Light Company's application for COLs for two new nuclear power plants at the Turkey Point site in Homestead, Florida. The NRC staff appreciates your willingness to assist the public in participating in the COL application review process for the new reactors. As discussed, your support would consist of providing shelf space in the Homestead Library's reference section.

Thank you for your cooperation. If you have any questions, you can reach me at (301) 415-1878, or via e-mail at Alicia.Williamson@nrc.gov.

Sincerely,

/RA/
