

**UNITED STATES
NUCLEAR REGULATORY COMMISSION**
WASHINGTON, D.C. 20555-0001

November 2, 2016

Ralph S. Hill III, Chair
Board on Nuclear Codes and Standards
Hill Engineering Solutions LLC
9037 Firebird Dr.
Las Vegas, NV 89134-8503

Dear Dr. Hill:

I would like to nominate Christopher Fong of the NRC staff to be the authorized NRC representative on the Joint Committee on Nuclear Risk Management (JCNRM), Subcommittee on Standards Development and the Subcommittee on Standards Maintenance. Mr. Fong has over 10 years of experience working in PRA, a masters degree in nuclear engineering with a PRA focus, and is a licensed professional engineer.

In accordance with the Office of Management and Budget Circular No. A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," January 27, 2016, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on consensus standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence to these nominated individuals should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: Christopher Fong
Washington, D.C. 20555

Thank you very much for providing NRC with the opportunity to participate in the work of your committees.

Sincerely,

/RA/
