SUBJECT: MAINTENANCE OF REFERENCE MATERIALS AT THE DANIEL BOONE
REGIONAL LIBRARY FOR THE ENVIRONMENTAL REVIEW OF NORTHWEST
MEDICAL ISOTOPES, LLC CONSTRUCTION PERMIT APPLICATION

Dear Ms. Sappington:

This letter is a follow-up to our telephone conversation on November 3, 2016, concerning the maintenance of the draft environmental impact statement (EIS) for Northwest Medical Isotopes, LLC (NWMI) medical radioisotope production facility by your library. This document is related to the U.S. Nuclear Regulatory Commission (NRC) staff's environmental review of NWMI's construction permit application.

The NRC staff appreciates your willingness to assist the public in participating in the environmental review of the construction permit application process. As discussed, your support would consist of providing shelf space in your reference section for the enclosed copy of the draft EIS for 60 days.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-6223 or via e-mail at David.Drucker@nrc.gov.

Sincerely,

/RA/
