Mr. Lyman,

I would like to ensure that UCS is aware that the U.S. Nuclear Regulatory Commission is having a public meeting on Wednesday, November 16, 2016, to obtain public input in the early stages of a rulemaking activity regarding the role of third parties in access authorization and fitness-for-duty determinations.

Additional information:

Would you be able to disseminate this information to the appropriate people at UCS or could you direct me to the right person I should contact for updates like this in the future?

Sincerely,

Dan Doyle
