Mr. David Tebo,

I'd like to thank you and your staff for your time during the NRC inspection at your facility in Hammond, Indiana. As I briefly discussed this morning, the NRC has determined that no violations were identified. In addition, the violation (cited in a Notice of Violation dated April 20, 2016) regarding the use of the RadEye meter was closed out by the inspector by observations and reviews during the inspection. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign it or return it. I do however request a courtesy email response from you acknowledging receipt.

Thank you and please do not hesitate to contact me with any questions or concerns,
