HAZARDOUS MATERIALS DATA COLLECTION

## **NMP Unit 2 USAR**

### APPENDIX 2A

#### HAZARDOUS MATERIALS DATA COLLECTION

In order to collect data for Sections 2.2.2 and 2.2.3, a survey of industries was conducted to identify and locate pipelines and to describe the storage and transport of hazardous materials. Major industrial organizations and organizations likely to store or use hazardous materials were contacted by letter. Exhibit 2A-1 provides examples of the surveys of industry and pipelines and storage facilities used for organizations that manufacture or use hazardous materials. Table 2A-1 lists the organizations surveyed and responses received. Figure 2A-1 shows the area surveyed.
