Subject: NRC Public Meeting on 11/16 on "Role of Third Parties in Access Authorization and Fitness-for-Duty Determinations" Rulemaking

Ms. Rhinehart,

I would like to ensure that AFL-CIO is aware that the U.S. Nuclear Regulatory Commission is having a public meeting on Wednesday, November 16, 2016, to obtain public input in the early stages of a rulemaking activity regarding the role of third parties in access authorization and fitness-for-duty determinations.

Additional information:

<http://meetings.nrc.gov/pmns/mtg?do=details&Code=20161393>

Would you be able to disseminate this information to the appropriate people at AFL-CIO or could you direct me to the right person I should contact for updates like this in the future?

Sincerely,

Dan Doyle

Project Manager
U.S. Nuclear Regulatory Commission
