Subject: Request for extension on remaining RAIs for the Pickard Hall Site Characterization Plan

Dear Mr. LaFranzo:

We would like to request an extension date of February 28, 2017 for the remaining Pickard Hall Site Characterization Plan RAIs listed in the correspondence dated August 30, 2016, docket number 03002278, reference ML 15106A640. As you are aware, we are in the process of searching for a new radiation safety officer to replace Jack Crawford. We believe an extension date of February 28, 2017 would allow the new radiation safety officer enough time to settle in and become familiar with the Pickard Hall project.

If you have any questions or concerns, please do not hesitate to contact me at (573) 882-0853.

Sincerely,

Felicity J. Beckfield, M.S., RT(R)(CT)
Acting Radiation Safety Officer

Cc:
Dr. Silvia Jurisson
Mr. Todd Houts
