

**United States of America
Nuclear Regulatory Commission
Before the Commission**

**The Declaration of Andra Leimanis in Support of Alliance for a Green Economy
Request for a Public Hearing and Leave to Intervene in the Matter of Entergy's
Fitzpatrick Nuclear Power Station "Request for Extension to Comply" with
Nuclear Regulatory Commission Orders EA-12-049, EA-12-051 and EA-13-109**

Under penalty of perjury, I, Andra Leimanis, declare as follows:

1. I am an authorized representative of the Alliance for a Green Economy New York (AGREE). I reside at 921 Maryland Avenue, Syracuse, New York 13210. My telephone number is (315) 677-7824. My email address is aleimanis@gmail.com. AGREE's office is located at 2013 E. Genesee Street, Syracuse, NY 13210, AGREE's telephone number is (315) 480-1515, and the AGREE website is allianceforagreenconomy.org.

My residence, the residences of many AGREE supporters, and the office of one AGREE member organization are located within the 50-mile radius Emergency Planning Zone of the James A. Fitzpatrick Nuclear Generating Station located in Oswego County, New York for which Entergy Nuclear LLC has submitted a "Request for Extension to Comply" with United States Nuclear Regulatory Commission (NRC) Orders EA-12-049, EA-12-051 and EA-13-109 issued as the result of the Fukushima Daiichi nuclear accident in Japan.

2. I and many AGREE supporters in Central New York are concerned that if the NRC grants Entergy's referenced request for an extension to comply with NRC Orders the continued operation of the Fitzpatrick Nuclear Generation Station could adversely affect my life, the lives of AGREE's supporters and families, our communities, and the environment in which we live. We are particularly concerned about the undue risk these requests for extension to comply present in terms of an accidental release of radiation

and the potential harm that a radiation release would cause to public health and the environment. Our environment would be contaminated and unsafe for generations.

3. In order to ensure that the agency decision regarding Entergy's proposed "Request for an Extension to Comply" with these NRC Orders protects my health, safety and environment AND those of AGREE supporters and member organization in the 50-mile radius Emergency Planning Zone, I am, via my position as Communications and Outreach Coordinator, authorized to represent the AGREE in the attached Petition for a Public Hearing and Leave to Intervene. I am authorized by AGREE to take any legal action necessary to ensure that a formal hearing is conducted fairly and in such a manner that provides the full consideration of how Entergy's requests for extension to comply with NRC Orders could adversely affect the health and safety and the quality of the environment in which I and AGREE supporters reside.

I declare under penalty of perjury that the foregoing facts are true and correct and that any expressions of opinion are based on my judgment.

Andra Leimanis
