In the Matter of
Florida Power & Light Company
(Turkey Point Units 6 and 7)
Docket Nos. 52-040 and 52-041

SUBJECT: NRC STAFF HEARING FILE UPDATE NO. 67 AND UPDATE TO NRC STAFF
SCHEDULE FOR ISSUANCE OF THE FINAL SAFETY EVALUATION REPORT

Dear Administrative Judges:

Pursuant to the Licensing Board's Memorandum and Order dated March 30, 2011, as modified by the Licensing Board's Notice dated September 12, 2012, the Staff is providing the Licensing Board and the parties an index (Attachment 1) identifying additions to the Hearing File required to be disclosed by the Staff pursuant to 10 C.F.R. § 2.336(d). The index includes the ADAMS accession number, date, and title of each listed document so as to make each document readily retrievable from the agency's website, www.nrc.gov, using the ADAMS "Find" function. Additionally, the Staff will add the documents identified in the index to the agency's Electronic Hearing Docket (EHD) associated with this proceeding entitled "Turkey Point Hearing File." Also attached, as required by 10 C.F.R. § 2.336(c), is the Affidavit of Manny Comar.

In accordance with the Licensing Board's March 30, 2011, Memorandum and Order, relieving all parties from the obligation of producing privilege logs, as otherwise required by 10 C.F.R. §§ 2.336(a)(3) and 2.336(b)(5), the Staff is not now producing privilege logs. In accordance with the March 30, 2011, Order, however, the Staff is required to produce a log of documents withheld as containing proprietary information. In preparing the enclosed Hearing File Index update, the Staff identified no documents for inclusion on the log of documents withheld as containing proprietary information. Accordingly, no privilege log is attached. As directed by the Licensing Board, the Staff is preserving and maintaining all privileged documents during the pendency of this proceeding.

In the Licensing Board's Memorandum and Order of October 5, 2016, the Board ordered the NRC Staff to notify all parties on the service list of this proceeding upon the issuance of the final Safety Evaluation Report (SER) on the application. See "Memorandum and Order," (Prehearing Conference Call Summary, Case Management Directives, and Scheduling Order) at 2 (Oct. 5,

2016) (unpublished) (ADAMS Accession No. ML16279A219). As indicated in the Licensing Board's October 5th Memorandum and Order, the NRC Staff anticipated, with a moderate level of confidence, that the final SER would be available to the public on the NRC's Agencywide Documents Access and Management System (ADAMS) by November 10, 2016. While the SER text is complete, it is not yet publicly available in ADAMS. The NRC Staff will notify the Board and parties of the availability of the final SER on the same day it becomes publicly available in ADAMS. The Staff has high confidence that this will occur by Tuesday, November 15, 2016.

Respectfully submitted,

/Signed (electronically) by/
