

Regulatory Guide Periodic Review

Regulatory Guide Number: **1.159**
Revision number: **3**

Title: **Assuring the Availability of Funds for
Decommissioning Nuclear Reactors**

Office/division/branch: **NRR/DIRS/IFIB**
Technical Lead: **Richard Turtill**

Staff Action Decided: **Reviewed with no issues identified**

1. What are the known technical or regulatory issues with the current version of the Regulatory Guide (RG)?

There are no known technical or regulatory issues with the current RG.

2. What is the impact on internal and external stakeholders of not updating the RG for the known issues, in terms of anticipated numbers of licensing and inspection activities over the next several years?

There are no known technical or regulatory issues with the current RG. Therefore, there is no impact on internal and external stakeholders of not updating the RG.

3. What is the estimate of the level of effort needed to address identified issues in terms of full-time equivalent (FTE) and contractor resources?

None.

4. Based on the answers to the questions above, what is the staff action for this guide (Reviewed with no issues identified, Reviewed with issues identified for future consideration, Revise, or Withdraw)?

Reviewed with no issues identified.

5. Provide a conceptual plan and timeframe to address the issues identified during the review.

Staff did not identify any technical or regulatory issues with the current RG. Accordingly, no conceptual plan or timeframe is necessary.

NOTE: This review was conducted in November 2016 and reflects the staff's plans as of that date. These plans are tentative and are subject to change.
