Subject: **Umetco Minerals Corporation Gas Hills, Wyoming Site
Groundwater Well Permitting Status and Address Change**

Reference: **License SUA-648, Docket No. 40-0299**

Dear Mr. Orlando:

This letter is to inform you that Umetco Minerals Corporation (Umetco) has now, after almost two years, been granted a right-of-way (ROW) from the Bureau of Land Management (BLM) to install the groundwater monitoring wells discussed in Umetco's license amendment request dated January 22, 2015. Unfortunately, it is too late in the season to efficiently and safely install the wells in 2016. Accordingly, the wells will be installed once weather and permit conditions allow in 2017. Umetco has also acquired State Well permits as required by Wyoming Department of Environmental Quality, Water Quality Division.

The second purpose of this letter is to inform you that Umetco's Grand Junction, Colorado office will be relocating at the end of the year. Consequently, Umetco is requesting an amendment to License SUA-648, License Condition 2, to reflect the new address. Umetco's new address is:

Umetco Minerals Corporation
2764 Compass Drive, Suite 114
Grand Junction, CO 81506
