**RESCHEDULED DATE FOR 2017**  
**EMERGENCY PREPAREDNESS GRADED EXERCISE**

Ladies and Gentlemen:

This letter provides the revised date for the 2017 Emergency Preparedness Graded Exercise for H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2. This exercise had been scheduled for the week of May 8-12, 2017, but has been rescheduled for the week of July 10-14, 2017. This change was necessary due to the scheduled refueling outage for HBRSEP. This refueling outage will engage multiple HBRSEP organizations and require focus by plant management and staff throughout the period, therefore, impacting the exercise planning process.

The revised date for the HBRSEP, Unit No. 2, graded exercise has been coordinated with the South Carolina Emergency Management Division (SCEMD), and written notification of the change was provided to SCEMD by letter dated September 28, 2016. In addition, the SCEMD has coordinated this change with the Federal Emergency Management Agency (FEMA). The effected agencies have agreed to the revised date by letter dated November 4, 2016.

This document contains no new Regulatory Commitments.

If you have any questions concerning this matter, please contact Mr. Matthew Nelson, Acting Manager – Nuclear Emergency Preparedness at (843) 857-1329.

Sincerely,

Angela D. Pullom  
Acting Director – Nuc Org Effectiveness
