Subject: [External_Sender] MN draft IMPEP report

Lisa,

We've had a chance to review the draft IMPEP report and have one clarification we would like to see. Under the Discussion of the Compatibility Requirements in section 4.1 b, The language states "before the regulations are finalized and approved by the Minnesota legislature." Our rules are not approved by the legislature. We recommend striking "and approved by the Minnesota legislature" and just leaving it as finalized.

Please contact me if you have any questions about this. Thanks, Lisa.

Sherrie
