

U.S. Nuclear Regulatory Commission Public Meeting Summary

December 5, 2016

Title: Public Meeting to Discuss the Proposed Implementation Dates of the Mitigation of Beyond-Design-Basis Events Draft Final Rule

Meeting Identifier: 20161384

Date of Meeting: November 10, 2016

Location: Nuclear Regulatory Commission Headquarters, 11545 Rockville Pike, Rockville, Maryland

Type of Meeting: Category 3

Purpose of the Meeting(s): The purpose of this meeting was to provide information and discuss the proposed implementation dates of the mitigation of beyond-design-basis events (MBDBE) draft final rule.

General Details: Attendees included external stakeholders and NRC staff.

The meeting was scheduled from 1:00 p.m. – 3:00 p.m. Approximately 39 people were present during the meeting, which included NRC staff and external stakeholders. There were 25 people that participated in the meeting remotely using a teleconference line and/or webinar. The meeting began with a discussion of the purpose and overview of the meeting. Next, information regarding the status of the MBDBE rule followed by a presentation given by Mr. Tim Reed and Mr. Eric Bowman of the NRC. Throughout the presentation, the meeting was opened for questions or comments from the public, explaining that the comments and suggestions provided by the attendees would be considered in preparing the final rule, but that the NRC would not prepare formal responses to these questions and comments.

Summary of Presentations: Mr. Tim Reed, Senior Project Manager and Mr. Eric Bowman, Senior Advisor for Technical, Division of Policy and Rulemaking and Japan Lesson Learned Division, Office of Nuclear Reactor Regulation, provided opening remarks and presented information regarding the status of the MBDBE rule and Cumulative Effects of Regulation. The NRC presentation provided information on the implementation and rescission of orders and removal of license conditions.

Public Participation Themes: The stakeholders appreciated the opportunity to discuss their respective comments on the implementation and rescission of orders and the removal of license conditions. The feedback received was substantive regarding the MBDBE implementation requirements and is being considered as part of the MBDBE draft final rule.

Action Items/Next Steps:

- The next steps are:
 - The NRC will consider the feedback obtained November 10, 2016, meeting as part of the ongoing rulemaking process.

- The NRC staff will include changes to either Section 50.155(h) or (i) as part of the draft final MBDBE rule provided to the Commission.
- The Commission's direction on the draft final rule will be reflected in the final rule *Federal Register* Notice. The NRC staff will provide the draft final rule to the Commission in December 2016.
- The NRC expects that the final MBDBE rule would be issued in the summer/fall of 2017 (after Commission deliberation).
- Supporting guidance documents will be issued at the same time as the final rule.
