

April 20, 2012

Director  
Office of Nuclear Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555  
**ATTN: GLTS Manager**

**Re: 2012 First Quarter Transfer Report**

Dear Sir:

In accordance with statement 9 of NRC License 06-02269-04G, Sikorsky Aircraft has initially transferred twenty-eight (28) IBIS indicators to the US Navy (NADEP, Cherry Point, NC) during the first calendar quarter of 2012.

**2/3/2012: 5248, 5249, 5250, 5251, 5252, 5253, 5254, 5255, 5257, 5259**

**2/24/2012: 5258, 5263, 5277**

**2/28/2012: 5267, 5269, 5270, 5271, 5272**

**3/23/2012: 5260, 5262, 5264, 5265, 5266, 5268, 5273, 5274, 5275, 5276**

The RSO for this US Navy Permit is:

Elisabeth Holland, MSPH, CIH  
NAVAIR Workforce Safety Manager and Radiation Safety Officer Code 09F2/AIR  
7.10.1 NAVAIRSYSCOMHQ  
22145 Arnold Circle  
Patuxent River, MD 20670-1541

The IBIS indicator (Part No. 12210-1) is manufactured by General Nucleonics Inc. Ponomo, CA. Each indicator contains a 500 microcurie Sr-90 sealed source.

Sincerely,

Julius Vaughn  
Radiation Safety Officer
