Re: License Number: SNM-95; Docket Number: 070-113
Subject: Decommissioning Funding Plan for Penn State University

Enclosed please find the revised decommissioning funding plan (DFP) for The Pennsylvania State University license referenced above as required by 10 CFR 30.35.(e). We have created a unified DFP for Penn State covering all of our licenses and operating locations. The unified DFP consists of five (5) self-contained appendices, one for each of the licenses held by Penn State.

License Number	Issuing Agency	Brief Description and Campus Location	DFP Appendix
PA-0100	PA DEP	Broad scope byproduct materials, UP & others	A
PA-0127	PA DEP	Broad scope byproduct materials, PSHMC campus	B
PA-0127A	PA DEP	Self-shielded irradiator license, PSHMC campus	C
SNM-95	NRC	Special Nuclear Materials, UP campus	D
R-2	NRC	Research and Test Reactor license, UP campus	E

Note that only Appendix D is enclosed with this letter. The DFP for our other NRC license is being submitted separately.

Enclosure 1 is a redacted version for public release and Enclosure 2 is an un-redacted version containing sensitive information (certain isotopes, activities, and locations) to be withheld from public release.

Please contact me if you have any questions or require any additional information.
