December 15, 2016

Director of FSME  
ATTN: GLTS  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

To whom it may concern:

On December 15, 2016, I shipped one box containing four (4) tritium-containing exit signs to SRB Technologies, Inc. in Winston-Salem, NC for proper disposal. The first three signs listed in the table were installed at the Maryland Aviation Administration – Baltimore Washington Thurgood Marshall Airport Terminal in Baltimore, MD 21240. The fourth sign listed in the table was installed at the Maryland Aviation Administration – Baltimore Washington Thurgood Marshall Airport Central Utility Plant in Baltimore, MD 21240. The markings on the label of this sign were unable to be read (Picture 1). The following exit signs were shipped:

Manufacturer	Model	Serial Number	Date of Manufacture	Life Rating (Years)
SRB Technologies	B100	559964	5/92	20
SRB Technologies	B100	576874	6/94	20
SRB Technologies	B100	576875	6/94	20
Self-Powered Lighting, Inc.	700-Unknown	Unknown	Unknown	25

Picture 1: Faded markings on the sign's label are unable to be read. This sign was installed at the BWI Marshall Airport's Central Utility Plant.

A copy of this letter will also be sent to the Radiological Health Program, Air & Radiation Management Administration, Maryland Department of the Environment. If you have any questions regarding this matter, please contact me at 410-850-5816 x 18.
