Subject: [External_Sender] Re:Docket ID NRC-2016-0179 Transit of nuclear waste rulemaking
Date: Saturday, January 14, 2017 10:06:33 AM

Dear sirs or madams:

I request that any changes to rules for nuclear waste transit be aimed at worker and public safety rather than to reduce industry cost of packaging and transit. My hometown is a transportation hub for rail and highway networks which is the reason for my concern. I live near Grand Gulf which uses river navigation in addition to the other modes.

Thank you.
