John,

Attached is the draft report from BNL summarizing their review of the Level 1/LERF PRA standard for consistency. This work was performed under Agreement Number NRC-HQ-25-14-D-0002; Task Order Number NRC-HQ-60-16-T-0005. A detailed review of this report has not been performed, and therefore, does not represent an agency position (i.e., we do not agree or disagree with the findings in this report).

This report is being placed into ADAMS and will be made publicly available so that it can be used to support the ASME/ANS PRA standards effort in revising ASME/ANS SA-Rb-2013 for the new edition.

Tks, mary
