---

Good morning John,

As requested, I am sending this email to retract our application. Initially we were told by the Commonwealth of Massachusetts that we had to apply through you for our NRC license to store a nuclear density gauge at our facility. Upon discussions with you, we were informed that this is not correct and our application must go through Massachusetts. Please return our application and check to me at your earliest convenience. Sorry for any inconvenience this may have caused. Thank you

Best Regards,

Luke Olden  
Construction Materials Manager
