Job.

MR MONTAGUE AGREED WITH ME THAT SINCE SOME OF THE FOLDERS WERE OUT OF FILE AND SOME BORROWED, THAT THE INVENTORY IS NOT TRUE AND EXACT AND BECAUSE OF THE NUMBER OF FOLDERS TRANSFERRED AT THIS TIME, IT WOULD NOT BE WORTH WHILE FOR THEM TO RECHECK THE BOXS SO AS TO MAKE THE INVENTORY EACT, ALSO THAT THE MISSING FOLD* WOULD BE RETURNED TO THE BOXS EVENTUALLY. THEREFORE, WE ACCEPTED THE JOB WITHOUT BENIFIT OF SCREENING.

Instructions

- 4 List the total cubic footage involved in the transfer.
- 6 Identify divisional employee(s) possessing familiarity with record content and function.
- 8 Indicate briefly what the records are summarily called or how they are collectively referred to within the division. (Examples: "Hold Cases," 1953 General Correspondence File, Payroll Records, etc.)
- 9 List the names, with corresponding signatures, of those personnel who are to be granted access to records within the custody of the Records Center. Personnel not included will be refused access to the records. Authorization of access to a group of people can be accomplished by a simple declarative statement, such as: "Access restricted to personnel of the XYZ Branch." Such group authorizations must be signed by a Branch Chief or other responsible official of the originating organization.
- 10 List each folder or item transferred. In instances where transferring offices do not deem it necessary to make a complete inventory, it will suffice to give a summary description of transfer contents.
- 11 Space released by the transfer of records refers to:
Office - the square footage in office areas previously occupied by the records,
Storage - the square footage in vault areas previously occupied by the records.
