Michele and Paulette,
To confirm, Reed will have both RO and SRO exams the May 1-12, 2017. Both Carrie Padula and Justin will be included in those dates. We will be sending in the forms about April 1, 2017.
Thank you,
Melinda

Melinda,

Our understanding is you would like to postpone the March exams and combine with the previously reserved May exams. The requested dates should be May 1-12, 2017 (not May 1-15). Paulette Torres will be leading the examination process. Please include her on all correspondence. Paulette will be there the first week only and I will stay the entire time.

Also, please provide an update on the October, 2016 applicants. Mr. Chun was scheduled for a retake of his written and conduct of his operations exam. Mrs. Padula was scheduled as an initial RO exam.

Thank you,

Michele DeSouza

Subject: [External_Sender] March 13 exam

Michele,

We need to cancel the reactor operator exams scheduled for March 13, 2017. I am requesting that the reactor operator exams be rescheduled to May 1 - May 15, 2017. The May dates should coincide with the requested SRO upgrades. The delay is to accommodate the anticipated installation of a new log channel and ensure sufficient time for candidate operations. We currently expect to be putting forward 15 RO candidates and 10 SRO candidates

Thank you

Melinda
