Dear Mr. Cuddy:

This will confirm our conversation of Monday, February 4, 1974. I am enclosing herewith testimony of AEC and of Niagara Mohawk Corporation relating to conservation of energy in the Nine Mile Point proceeding.

Mr. Scinto suggested that the applicant should be prepared to specifically address conservation of energy in terms of the four measures listed by the Commission in its Midland decision dated January 24, 1974.

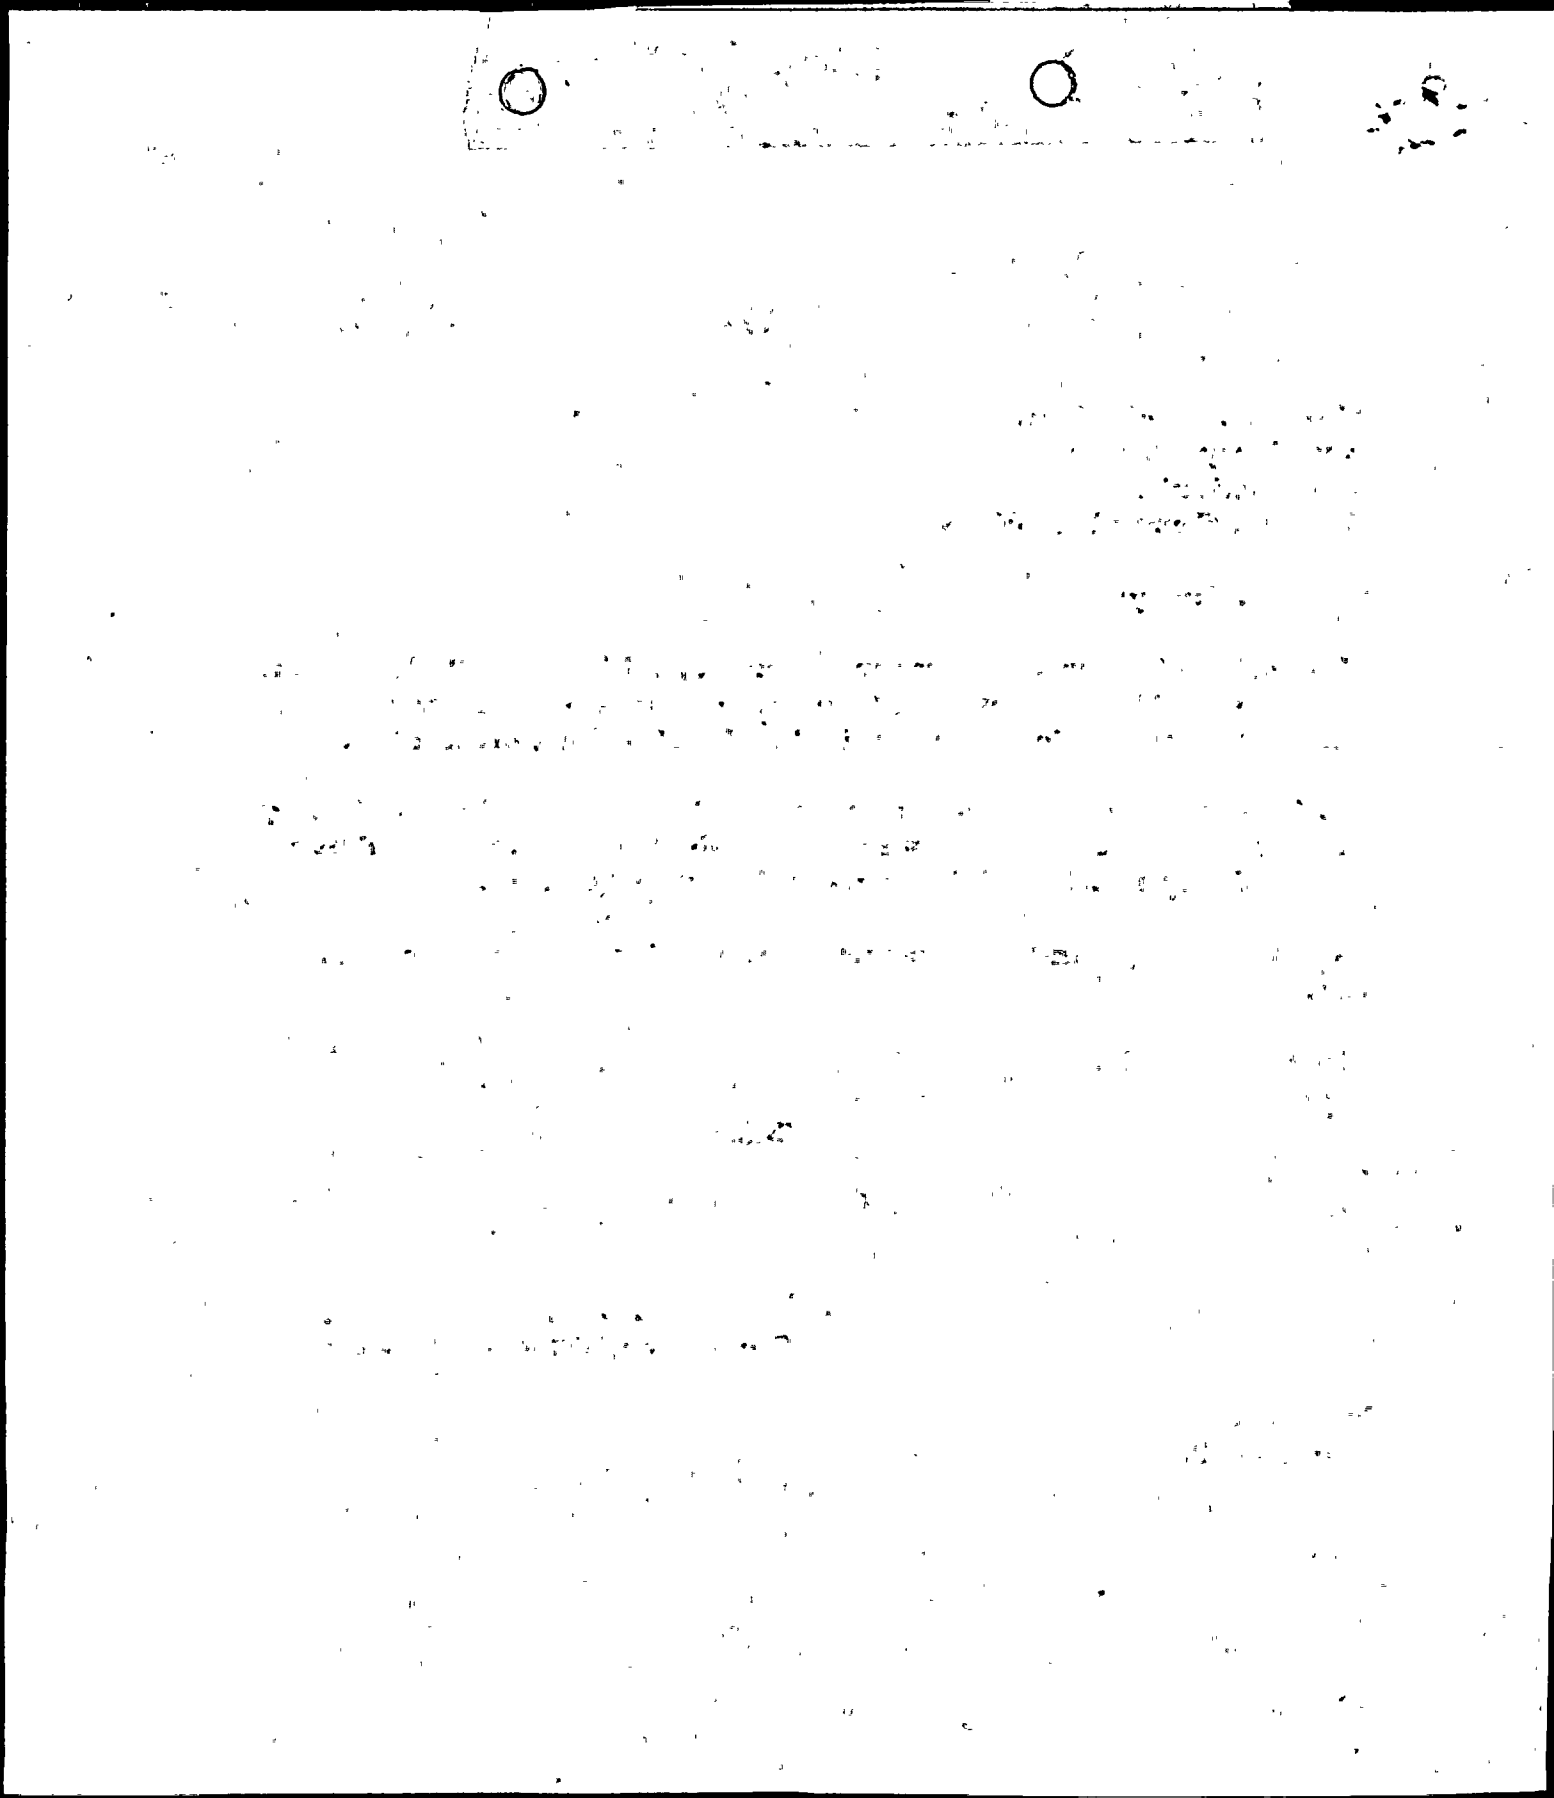

As your people get into these matters, I would like to discuss this with you.

With best regards.

Sincerely,

Charles A. Barth
Counsel for AEC Regulatory Staff
