Docket No. 50-410

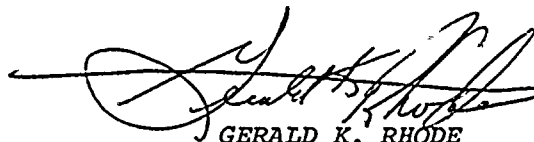

Dear Mr. Rusche:

Enclosed are five copies of our first interim report describing the hydraulic model studies of the Revetment-Ditch System for Nine Mile Point Unit 2. This information is being submitted in accordance with the commitment contained in Response 1.C of my July 21, 1976 letter to Mr. Vassallo.

Since your staff has requested an early meeting on this matter, to be held October 8, 1976, an expeditious review of the report is requested.

Very truly yours,
