Re: Nine Mile Point Unit 2
Docket No. 50-410

Dear Mr. Case:

Our letter of February 2, 1977 indicated that we planned to submit the final report describing the hydraulic model studies of the Revetment Ditch System for Nine Mile Point Unit 2 by May 2, 1977. So that we may incorporate information contained in the August 12, 1976 and October 25, 1976 letters addressed to Mr. G. R. Quittschreiber, of the Advisory Committee on Reactor Safeguards, the final report is now scheduled to be submitted by June 30, 1977.

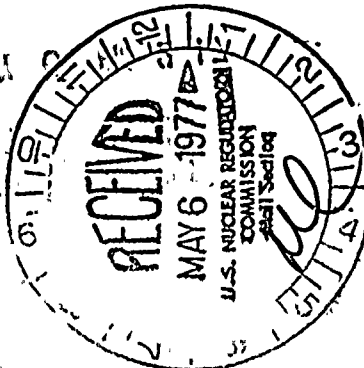

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
