

MAR 16 1978

Docket No. 50-410

Niagara Mohawk Power Corporation
ATTN: Mr. Gerald K. Rhode
Vice President - System
Project Management
300 Erie Boulevard West
Syracuse, New York 13202

Gentlemen:

By letter of February 6, 1978 you requested an amendment of Construction Permit No. CPPR-112 for the Nine Mile Point, Unit No. 2 (NMP-2) to include Central Hudson Gas & Electric Corporation, Long Island Lighting Company, New York State Electric & Gas Corporation and Rochester Gas and Electric Corporation as co-owners of the facility.

We are reviewing the environmental aspects of this request and need the following information:

1. Whether, as a result of the addition of the above identified utilities as co-owners of NMP-2, any transmission facilities (transmission lines and/or substations) (a) have already been constructed, (b) are presently being constructed, and (c) are planned to be constructed.
2. For each of the above identified transmission facilities provide (a) detailed description of the project, and (b) evaluation of the environmental impacts associated with that project. [Use guidance contained in appropriate sections of Regulatory Guide 4.2, Revision 2].

In order to continue our review in a timely manner we need this information by April 4, 1978. Please verify this date within 7 days of the receipt of this letter or provide us with alternate date so that we can reschedule our review of this matter.

Sincerely,

Original signed by:

W. H. Regan
