Docket No. 50-333
DPR-59

Dear Mr. O'Reilly:

The Environmental Technical Specifications for Nine Mile Point Unit 1 and the James A. FitzPatrick Nuclear Power Plant require the submittal of a report describing the 1975 Nine Mile Point Aquatic Ecology Studies. Copies of this report, which were transmitted May 27, 1976, inadvertently omitted Appendix 10 which addresses the Water Monitoring Program. Therefore, we are providing two copies of the complete report to supersede those previously submitted. We apologize for any inconvenience this omission may have caused you.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION
