

Docket No. 50-220

JUN 14 1968

Niagara Mohawk Power Corporation
300 Erie Boulevard West
Syracuse, New York 13202

Attention: Mr. Minot H. Pratt
Vice President and
Executive Engineer

Gentlemen:

We are transmitting a copy of the U. S. Department of Interior's Fish and Wildlife Service's letter dated June 3, 1968 for your information. This letter contains further comments on your proposed environmental monitoring program with respect to the Nine Mile Point Nuclear Station. It also includes a request that the results of these surveys be provided to the Secretary of the Interior. Copies of these reports also should be provided to the Commission with respect to the radiological aspects of the surveillance program and especially when the results may affect plant operations.

Your plans and arrangements to submit these reports to the Commission and the Secretary of the Interior should be provided as soon as they are available.

Sincerely yours,

Original Signed by
Peter A. Morris

Peter A. Morris, Director

IN REPLY REFER TO:

UNITED STATES
DEPARTMENT OF THE INTERIOR
FISH AND WILDLIFE SERVICE
WASHINGTON 25, D. C.

JUN 9 1958

Mr. Harold Price
Director of Regulations
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Price:

This is in reply to Mr. Roger Boyd's letter of February 29, inviting our comments on Niagara Mohawk Power Corporation's letter regarding its proposed environmental monitoring program for the Nine Mile Point Nuclear Station, New York, Docket No. 50-220.

We are pleased to note that the applicant plans to conduct periodic environmental studies in the vicinity of the plant, both before the start of plant operation and for at least two years after initial plant operation, regardless of the radioactivity discharge level from the plant. We are also pleased to note that the applicant would make any appropriate revisions in the surveillance program or plant operations as found necessary on the basis of the data obtained from these surveys. We request that copies of the results of these surveys be provided to the Secretary of the Interior as soon as the data are compiled.

Sincerely yours,

Clarence F. Putzke
Commissioner

2010
