

February 8, 2017

Mr. Michael J. Mosley
Secured Transportation Services
5210 Palmetto Court, Suite 107
Buford, GA 30518

SUBJECT: APPROVAL OF HIGHWAY ROUTE DETOUR APPLICATION FOR ROUTES 217 (MIT), 231 (BUFFALO POE) AND 246 (PORT ALEXANDRIA BAY POE) TO THE DEPARTMENT OF ENERGY SAVANNAH RIVER SITE, AIKEN, SOUTH CAROLINA, DOCKET NUMBER: 070-07011

Dear Mr. Mosley:

I am responding to your letter dated November 21, 2016, which requested that the U.S. Nuclear Regulatory Commission (NRC) approve route detour request associated with Routes 217, 231 and 246. These detours are necessary due to the permitted weight on the NAC-LWT casks and issues caused by the severe flooding that occurred in South Carolina during April and May 2016.

The NRC has reviewed your application and concluded that the information you provided on November 21, 2016, with follow up information provided on February 6, 2017, satisfies the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) Part 73.37. This letter constitutes approval. The approved route detour for Routes 217, 231 and 246, will expire February 28, 2022. The NRC expects your periodic review and update of the emergency phone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change.

If you have questions on this route detour approval or require additional information please contact Mr. Alex Sapountzis at (301) 287-3660, or via e-mail at Alexander.Sapountzis@nrc.gov.

Sincerely,

/RA/

William Gott, Chief
Fuel Cycle and Transport Security Branch
Division of Security Policy
Office of Nuclear Security and Incident Response
