Subject: Issuance of Response to License Amendment Request . . .

Mr. Kitsembel,

I am the US Nuclear Regulatory Commission (NRC) Project Manager for the decommissioning effort at the Kewaunee Power Station, Kewaunee Wisconsin. Your office received a copy of License Amendment Request (LAR) 259, "ISFSI-Only Emergency Plan and Emergency Action Level Scheme" dated September 14, 2015 from Dominion Energy Kewaunee (DEK). This LAR can also be found in NRC's Agencywide Documents Access and Management System (ADAMS) under Accession No. ML16196A103.

This email is to inform you that NRC staff has completed review and has found DEK's proposed changes acceptable. A response to the LAR will be issued shortly. If you have any questions or comments regarding this email, please contact me by email or at the numbers listed below.

Respectfully Yours,

Ted Carter
