Dear NRC representative,

I respectfully request that you do not allow the expansion of nuclear waste storage in Andrews County, West Texas. My daughter lives nearby in Marfa, TX and we are frequent visitors to the area. The risks of radioactive contamination from leaks or accidents or potential terrorist actions, are too great to allow accepting so much more waste. And the solution is a temporary one. It makes no sense to allow a stockpile of the most dangerous waste known to mankind to endanger West Texas residents.

Sincerely yours,

Carol Sherman-Rogers
