

PUBLIC MEETING ANNOUNCEMENT

Title: PUBLIC SCOPING MEETING FOR THE ENVIRONMENTAL IMPACT STATEMENT FOR WASTE CONTROL SPECIALISTS LLC'S APPLICATION FOR A CONSOLIDATED INTERIM STORAGE FACILITY FOR SPENT NUCLEAR FUEL, ANDREWS COUNTY, TEXAS

Date(s) and Time(s): February 15, 2017, 06:00 PM to 10:00 PM

Location: The James Roberts Center
855 East Broadway
Andrews, TX

Category: This is a Category 3 meeting. Public participation is actively sought for this meeting to fully engage the public in a discussion of regulatory issues.

Purpose: To conduct a public scoping meeting for the U.S. Nuclear Regulatory Commission's (NRC's) Environmental Impact Statement (EIS) for Waste Control Specialist LLC (WCS) license application to construct and operate a consolidated interim storage facility (CISF) for spent nuclear fuel at the WCS site in Andrews County, Texas. The EIS is being prepared to support NRC's review of the April 28, 2016 application by which WCS requested authorization to initially store 5000 metric tons uranium (MTUs) in the CISF and eventually to store up to 40,000 MTUs there. WCS is requesting a 40-year license term.

At the meeting, NRC staff will receive comments from the public on the appropriate scope of issues to be considered in, and the content of the EIS. The formal public meeting will be preceded by an informal "open house" for 1 hour starting at 6:00pm, to provide members of the public with an opportunity to talk informally one-on-one with NRC staff.

Contact: James Park
301-415-6954
James.Park@nrc.gov

Participants: NRC
Brian Smith, Office of Nuclear Material
Safety and Safeguards
James Park, Office of Nuclear Material
Safety and Safeguards
Cinthya Roman-Cuevas, Office of Nuclear
Material Safety and Safeguards
