KING OF PRUSSIA, PA 19406-2713

March 7, 2017

Mr. Bryan C. Hanson  
Senior Vice President, Exelon Generation Company, LLC  
President and Chief Nuclear Officer, Exelon Nuclear  
4300 Winfield Road  
Warrenville, IL 60555

SUBJECT: INITIAL OPERATOR LICENSING OPERATING TEST APPROVAL –  
R. E. GINNA NUCLEAR POWER PLANT

Dear Mr. Hanson:

The purpose of this letter is to confirm the final arrangements for the upcoming operator licensing examinations for the operating test at the R. E. Ginna Nuclear Power Plant. Please note that written examination approval will be communicated under separate correspondence.

The U.S. Nuclear Regulatory Commission (NRC) will complete its review of the operator license applications submitted in connection with this examination and will separately provide a list of approved applicants to Mr. J. Brown, Training Manager. Note that any examination waivers and application denials will be addressed in separate correspondence.

The NRC approved the subject operating test in accordance with NUREG-1021, "Operator Licensing Examination Standards for Power Reactors," Revision 10. The NRC staff will administer the operating tests during the weeks of March 13 and 20, 2017. This examination has undergone extensive review by my staff and representatives responsible for licensed operator training at your facility. Based on this review, I have concluded that the examination meets the guidelines of NUREG-1021 for content, operational, and discrimination validity.

By administering this examination, you also agree that it meets NUREG-1021 guidelines, and is appropriate for measuring the qualifications of licensed operator applicants at your facility. If you determine that this examination is not appropriate for licensing operators at your facility, do not administer the examination and contact me at (610) 337-5306.

B. Hanson

2

Please contact your Chief Examiner, Mr. David Silk at (610) 337-5372, if you have any questions or identify any errors or changes in the license level Reactor Operator (RO) or Senior Reactor Operator (SRO) or type of examination (partial or complete operating test) specified for each applicant.

Sincerely,

***/RA/***

Donald E. Jackson, Chief  
Operations Branch  
Division of Reactor Safety
