Thanks, Carole,

Ty, you can close this one.

Doug,

I read/reviewed the above information from Louis and see no concerns. There was a change in the Hitachi-appointed board member for GNF-A, LLC and for GNF Holding Co., LLC.

Ty
Carole

*GNF-A Security-Related, Proprietary, and Personally Identifiable Information (attached)
Withhold from Public Disclosure in accordance with 10 CFR 2.390, RIS 2005-31, & RIS 2007-04*

Carole and Doug,

In hopes it facilitates your reviews, I'm forwarding to you a copy of GNF-A's FOCI information (COO undertaking/delegation/OODEPs) update package, dated 4-27-17, and submitted electronically to NRC this morning, April 28.

The attached encrypted PDF "carrier" file has two embedded PDF file attachments. The 1st embedded PDF file (with "...noSSNs..." in filename) is a copy of the submittal with the SSNs redacted but which remains non-public, "official-use-only" information because it still contains GNF-A proprietary, security-related, and other personal privacy information. The 2nd embedded PDF file is a copy of the complete non-public, "official-use-only" submittal (in one file rather than the three

separate files in our submittal to NRC ADAMs).

This submittal reflects only a change in the Hitachi-appointed member of two governing boards.

Per NRC staff's earlier direction, I'm also forwarding to Carole the original signatures paper copy of the package via Fed Ex (for delivery on or about 5/1).

Same password as usual. Let me know if you need a reminder.

Best regards,

Louis M. Quintana

Program Manager, Security
GE Hitachi Nuclear Energy
