Docket Nos. 50-387
50-388

Mr. Charles Bechoefer, Esq.
Chairman
Atomic Safety and Licensing Board

Dear Mr. Bechoefer:

It is my understanding that the ECNP responses to interrogatories, which were filed at the January 18, 1980, deadline, need to have been accompanied by a notarized affidavit of accuracy. This note is to inform you that the required affidavit will be sent to the parties just as soon as I have recovered sufficiently from the flu, cold, strep throat, and/or pneumonia to venture out of doors. I had left the materials in the hands of my typist on the 17th when I left town for three days during which I had no opportunity to take care of the matter. And I have been ill since then. I trust that the Board will accept this explanation and the assurance that the proper form will be forthcoming as quickly as possible, but not while I'm still running a 102⁰ fever.

Dated this 23rd day of
January, 1980

Sincerely,

Judith H. Johnsrud
