Subject: Ginna Piping Seismic Analysis
R. E. Ginna Nuclear Power Plant, Unit No. 1
Docket No. 50-244

Dear Mr. Crutchfield:

In our letter dated May 30, 1980, we committed to providing the Design Criteria for our Seismic Upgrade Program to the Staff, for your information, by July 15, 1980. Because of difficulties we have encountered in scheduling a meeting of our Nuclear Safety Audit and Review Board to review this document prior to submittal, we are unable to submit the Design Criteria until August 13, 1980. This delay does not impact submittal of the analysis packages on the schedule described in our May 30 letter.

Very truly yours,

L. D. White, Jr.
