Docket No. 50-244

Dear Mr. Crutchfield:

This letter responds to a request from a member of your staff and supplements our February 6, 1984 letter to you. As described in our February 6 submittal, we intend to prepare a plant specific procedure for core damage assessment based on the Westinghouse Owners Group generic guidelines. Since the Owners Group has now completed its effort and NRC approval is expected shortly, we will prepare and implement a plant specific procedure by August 1, 1984.

Very truly yours,

Roger W. Kober
