

ITEM 1. The exact cause of the January 25th accident is known and eliminated.

Response:

The cause of the steam generator tube rupture and Rochester Gas and Electric Corporation's repair program are discussed at length in Section 5 of the enclosed NUREG-0916.

ITEM 2. There is realistic and workable emergency warning systems and evacuation plan that covers all of Wayne and Monroe Counties.

Response:

Radiological emergency plans for the Ginna Nuclear Plant have been developed by the licensee, Wayne and Monroe Counties, and the State of New York. A prompt alert and notification system consisting of a combination of sirens and tone alert radios has been established in accordance with regulatory criteria for the plume exposure pathway Emergency Planning Zone, an area within about 10 miles of the plant. A study has also been performed of the estimated times to evacuate the population within 10 miles of the plant. Evacuation is considered one of several protective actions available to decision makers in the event of an emergency at the Ginna plant. Emergency plans have also been developed for the ingestion exposure Emergency Planning Zone which extends for 50-miles around the plant. The licensee, local, and State emergency plans were tested in an integrated manner during a fullscale exercise on January 21, 1982, which was observed by representatives of the NRC, FEMA and other agencies. These same emergency plans functioned effectively during the steam generator accident on January 25, 1982.

ITEM 3. There is a safe means for disposing of radioactive waste created by Ginna.

Response:

The issue of radioactive waste disposal is discussed in Chapter 8 of the enclosed NRC Annual Report to Congress (1980).

ITEM 4. An independent monitoring system is established at the Ginna Site.

Response:

The NRC's independent monitoring system is described in the enclosed NRC Annual Report to Congress (p-141). Also enclosed is the latest edition of NUREG-0837, NRC TLD Direct Radiation Monitoring Network, which documents the radiation exposure limits measured by the NRC's monitoring system in the vicinities of NRC - licensed facilities throughout the country.

Essential <sup>your</sup> action - we will supply a pamphlet on EP,  
May 22, 1982

Dear Brian K. Grimes

I feel the Ginna Power Plant should never  
reopen ~ Or at least until the following  
minimum requirements are met:

~ The exact cause of the January 25<sup>th</sup> accident  
is known and eliminated.

~ There is realistic & workable emergency  
warning systems and evacuation plan  
that covers all of Wayne & Monroe  
counties.

~ There is a safe means for disposing of  
radioactive waste created at Ginna.

~ An independent monitoring system is  
established at the Ginna site.

Please act on this!

Sincerely,

Janie Barton

Essential <sup>your</sup> action - we will supply a <sup>payment</sup> on EP,

DATE	5/28/82				

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for ensuring the integrity of the financial system and for providing a clear audit trail. The text also mentions that this practice helps in identifying any discrepancies or errors early on, which can then be corrected before they become a problem.

2. The second part of the document focuses on the role of the accounting department in managing the company's finances. It states that the accounting team is responsible for recording all financial transactions, preparing financial statements, and ensuring that the company's books are balanced. The text also notes that the accounting department plays a key role in providing management with the information they need to make informed decisions about the company's future.

3. The third part of the document discusses the importance of budgeting and financial planning. It explains that creating a budget allows a company to set financial goals and track its progress towards achieving them. The text also mentions that financial planning helps a company to anticipate potential financial challenges and develop strategies to address them. This part of the document also includes a brief discussion on the importance of monitoring the company's financial performance over time.

4. The fourth part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for ensuring the integrity of the financial system and for providing a clear audit trail. The text also mentions that this practice helps in identifying any discrepancies or errors early on, which can then be corrected before they become a problem.

5. The fifth part of the document focuses on the role of the accounting department in managing the company's finances. It states that the accounting team is responsible for recording all financial transactions, preparing financial statements, and ensuring that the company's books are balanced. The text also notes that the accounting department plays a key role in providing management with the information they need to make informed decisions about the company's future.

6. The sixth part of the document discusses the importance of budgeting and financial planning. It explains that creating a budget allows a company to set financial goals and track its progress towards achieving them. The text also mentions that financial planning helps a company to anticipate potential financial challenges and develop strategies to address them. This part of the document also includes a brief discussion on the importance of monitoring the company's financial performance over time.

7. The seventh part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for ensuring the integrity of the financial system and for providing a clear audit trail. The text also mentions that this practice helps in identifying any discrepancies or errors early on, which can then be corrected before they become a problem.

8. The eighth part of the document focuses on the role of the accounting department in managing the company's finances. It states that the accounting team is responsible for recording all financial transactions, preparing financial statements, and ensuring that the company's books are balanced. The text also notes that the accounting department plays a key role in providing management with the information they need to make informed decisions about the company's future.

9. The ninth part of the document discusses the importance of budgeting and financial planning. It explains that creating a budget allows a company to set financial goals and track its progress towards achieving them. The text also mentions that financial planning helps a company to anticipate potential financial challenges and develop strategies to address them. This part of the document also includes a brief discussion on the importance of monitoring the company's financial performance over time.

Subject: R. E. GINNA JANUARY 25, 1982 TUBE FAILURE

The following documents concerning our review of the subject facility  
are transmitted for your information: (Under separate cover)

- ☐ Notice of Receipt of Application.
- ☐ Draft/Final Environmental Statement, dated \_\_\_\_\_.
- ☐ Safety Evaluation, or Supplement No. \_\_\_\_\_, dated \_\_\_\_\_.
- ☐ Notice of Hearing on Application for Construction Permit.
- ☐ Notice of Consideration of Issuance of Facility Operating License.
- ☐ Application and Safety Analysis Report, Vol. \_\_\_\_\_.
- ☐ Amendment No. \_\_\_\_\_ to Application/SAR, dated \_\_\_\_\_.
- ☐ Construction Permit No. CPPR- \_\_\_\_\_, dated \_\_\_\_\_.
- ☐ Facility Operating License No. DPR- \_\_\_\_\_, NPF- \_\_\_\_\_, dated \_\_\_\_\_.
- ☐ Amendment No. \_\_\_\_\_ to CPPR- \_\_\_\_\_ or DRR- \_\_\_\_\_, dated \_\_\_\_\_.
- ☒ Other: (1) Incident Evaluation by Rochester Gas and Electric Corp.  
dated April 12, 1982 (NRC Accession #8204/60277)
- ☐ (2) NUREG-0909 NRC Report (by the Region) on the January 25, 1982  
Tube Rupture at Ginna
