Subject: Rochester Gas and Electric Corporation
R.E. Ginna Nuclear Power Plant
Docket No. 50-244

Dear Mr. Johnson:

Enclosed is an Application for Amendment to Operating License No. DPR-18 to amend Appendix A of that license to delete Technical Specification 5.1 and Figure 5.1-1. This proposed change should be considered administrative in nature, since it maintains the Ginna Station Technical Specifications consistent with 10CFR50.36(c)(4), and also has no effect on the RG&E Security or Emergency plans.

This proposed Amendment should be considered effective 30 days after RG&E receipt of NRC approval.

Very truly yours,

Robert C. Mecredy
