Subject: Additional Information Request
Elimination of High Concentration Boric Acid
R.E. Ginna Nuclear Power Plant
Docket No. 50-244

Ref.(a): Application for Amendment to Facility Operating License
for Revision to Technical Specification Section 3.2 and
3.3., RG&E letter dated Dec. 17, 1992.

Dear Mr. Johnson:

During the review of Reference (a) the staff, via fax on March 24, 1993, requested a discussion of the differences between the major assumptions used in the 1985 analysis and the 1992 analysis. The major differences are discussed in the attached enclosures.

Enclosed are:

- Item 1. 1 copy of "Responses to NRC Questions Regarding the Boron Concentration Program" at the R. E. Ginna Station (Proprietary).
- Item 2. 1 copy of "Responses to NRC Questions Regarding the Boron Concentration Program" at the R. E. Ginna Station (Non-Proprietary).

Also enclosed are the Westinghouse authorization letter, CAW-93-436, accompanying affidavit, Proprietary Information Notice, and Copyright Notice.

As Item 1 contains information proprietary to Westinghouse Electric Corporation, it is supported by an affidavit signed by Westinghouse, the owner of the information. The affidavit sets forth the basis on which the information may be withheld from public disclosure by the Commission and addresses with specificity the considerations listed in paragraph (b)(4) of Section 2.790 of the Commission's regulations.

Cent No 237846803
change: NEEDP 11NP APO 11

Accordingly, it is respectfully requested that the information which is proprietary to Westinghouse be withheld from public disclosure in accordance with 10 CFR Section 2.790 of the Commission's regulations.

Correspondence with respect to the copyright of proprietary aspects of the items listed above or the supporting Westinghouse Affidavit should reference CAW-93-436 and should be addressed to N. J. Liparulo, Manager of Nuclear Safety & Regulatory Activities, Westinghouse Electric Corporation, P.O. Box 355, Pittsburgh, Pennsylvania 15230-0355.

Very truly yours,

Robert C. Mecredy
