Docket No. 50-244

Ref.(a): Letter from R.C. Mecredy, RG&E, to A.R. Johnson, NRC,
Subject: Generic Letter 87-02, Supplement 1 (SQUG
Resolution of USI A-46) and Generic Letter 88-20,
Supplement 4 (Seismic Events), dated January 12, 1993

Dear Mr. Johnson:

Based on a telecon between John Ma and Al Johnson of the NRC staff,
and Rochester Gas & Electric personnel, we would like to clarify
one point relative to the response spectra to be used in our SQUG
Program. The SSE Ground Response Spectrum referenced as having
been used in EWR 2512 is a Regulatory Guide 1.60 shaped spectrum
anchored at 0.20g. This GRS was also used as the basis for the in-
structure response spectra which we plan to use.

Very truly yours,

Robert C. Mecredy
