February 6, 1979

Mr. Steven A. Varga, Chief
Light Water Reactors Branch No. 4
Division of Project Management
U. S. Nuclear Regulatory Commission
Washington D. C. 20555

Subject: DISTRIBUTION OF CORRESPONDENCE
WPPSS NUCLEAR PROJECT NO. 2

Dear Mr. Varga:

In order to provide a timely response to NRC requests for additional information and other regulatory requests during the Operating License review of WNP-2, it is requested that one copy of all such correspondence be mailed directly to Mr. O. K. Earle, Licensing Engineer, P. O. Box 968, Richland, Washington 99352.

In view of the fact that the time permitted for requests for additional information is generally short, your placing Mr. Earle on direct distribution will permit these activities to begin earlier than would otherwise be possible if he received the letter through internal distribution.

Very truly yours,

D. L. Renberger
