Docket No. 50-397

Director, Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Attention: Mr. S. A. Varga, Chief
Branch No. 4
Division of Project Management

Subject: WPPSS NUCLEAR PROJECT NO. 2
REQUEST FOR MEETING - GEOLOGY

Reference: Letter, DL Renberger, WPPSS, to OD Parr, NRC,
dated April 27, 1979, subject "Update of
Geological Studies"

Dear Mr. Varga:

The referenced letter suggested we have a meeting with appropriate members of your staff and consultants to discuss some geology related matters. The purpose of this letter is to formally request that meeting. For initial planning purposes, we would like to propose July 10th at 8:30 a.m. If this is not satisfactory, please contact our licensing engineer, Mr. O. Keener Earle. It should be noted that the discussions will apply equally well to the WNP-1 and -4 projects (Dockets 50-460 and 50-513), even though they are currently not under active review at the NRC.

Very truly yours,

D. L. RENBERGER
Assistant Director
