CPPR-93, PRESERVICE INSPECTION PROGRAM PLAN AMENDMENT

Reference: G02-79-54, dated March 28, 1979.

Dear Mr. Rubenstein:

The Washington Public Power Supply System (WPPSS) herewith submits five (5) copies of Amendment 1 to the WNP-2 Preservice Inspection Program Plan; five (5) copies of the Program Plan were originally submitted to you via the referenced letter. The Program Plan governs the preservice non-destructive examinations of the Nuclear Steam Supply System and supporting piping systems which are within the scope of Section XI of the ASME Boiler and Pressure Vessel Code, and pertinent augmented examination requirements of applicable NRC Regulatory Guides.

This amendment consists primarily of drawing changes which reflect as-built conditions as identified during the on-going preservice examinations, along with other minor text changes to the Program Plan.

Very truly yours,
